Profile Summary

- Motivated software engineering student with strong fundamentals in web development and programming.
 - Hands-on experience building simple web applications, working with APIs, and collaborating in team-based projects.
 - Eager to learn, adapt quickly, and contribute to startup environments through practical development work.
-

Education

SNS College of Engineering, Coimbatore
B.Tech – Information Technology

2022 – 2026
CGPA: 7.81

Technical Skills

- **Programming Languages:** Java, JavaScript
 - **Web Technologies:** HTML, CSS, JavaScript, React.js
 - **Backend Technologies:** Node.js, Express.js (Basic)
 - **Databases:** MS SQL, MongoDB
 - **Testing & Tools:** Git, GitHub, Postman, VS Code, Render, Vercel
-

Academic & Personal Projects

FounderTherapy – Web Application

- Developed a full-stack web application with frontend and backend integration.
- Designed REST APIs and handled data storage using database queries.
- Performed debugging and basic unit-level testing to ensure functionality.

CopyMate – Content Management Web Tool

- Built backend services to handle API requests and responses.
 - Implemented CRUD operations and database interactions.
 - Improved code reliability by testing individual modules.
-

Internship Experience

One To Infinity — Software Development Intern

Feb 2025 – Nov 2025

- Worked as part of a development team to build and maintain web applications.
- Assisted in backend logic development, API integration, and bug fixing.
- Followed structured development practices and version control using Git.

Nitroware Technologies — Web Development Intern

Jul 2024 – Aug 2024

- Contributed to frontend development using React.js and JavaScript.
 - Collaborated with team members to improve UI performance and responsiveness.
 - Supported testing and debugging activities.
-

Soft Skills

- Team collaboration and communication
- Quick learner and Problem-solving
